Step 3: Press “Addition” icon.

The image shows a software interface with two tabs: 'Chat' and 'Telephony'. The 'Telephony' tab is active. Below the tabs are icons for 'Calls', 'History', and 'Contacts'. The main area contains a 'Protocol' dropdown set to '-none-' and an 'Account' dropdown set to 'sip:1027@172.20.33.33'. Below these is a 'Call' button. A numeric keypad is displayed with buttons for digits 1-9, *, 0, and #. Below the keypad is a section titled 'Conference (2)' with a timer showing '0:08'. This section contains a list of conference participants. The first entry is empty, and the second and third entries are '1500' and '1501' respectively. A red box with the number '3' and an arrow points to a '+' icon in the first entry's row.

Protocol	Account
